

NEW LINE TO HAVANA

Immense Collier Carries First Cargo from this Port.

IS FINE FREIGHT SHIP

Berwindmoor Has Just Been Completed at Middlesborough, England, and Her Sistership, the Berwindvill, Will be Finished Soon.

With the arrival at this port yesterday morning of the immense British coal collier Berwindmoor, Captain Steinbridge, a new freight line was established between Newport News and other Atlantic coast ports and Havana, Cuba. The new line is operated by the Havana Coal Company, of Philadelphia and New York and for the present two big steamers are to be used in the trade, the vessels taking coal to Cuba and bringing other freight back to the United States.

The Berwindmoor is the largest and finest freighter that has visited this port in years. She is the very latest thing in coal carriers, being equipped with "self-grimming" hatches and the latest improved machinery and equipment for the quick discharging of the cargo. All of her machinery is located aft and there is a continuous cargo hold from the boiler room, near the stern, to the fore peak. The vessel is equipped with wireless telegraph and all other modern devices for the safe handling of ships at sea.

On Maiden Voyage.
This is the first trip the Berwindmoor has made as she was only recently completed at Middlesborough, England. She carries a crew of 41 men and has a dead weight cargo-carrying capacity of 8,500 tons.

While no attempt is being made to establish a record in loading the Berwindmoor on this trip because all of her cargo was not here when she arrived, Superintendent of Terminals E. J. Ford declares that in the future the vessel will be given very quick dispatch at this port. She requires no trimming of the cargo and the coal can be shot into her holds as fast as the cars can be put on the dock.

The Berwindvill, a sistership of the Berwindmoor, is expected to arrive here within a few weeks to load a cargo of coal for Havana. Both vessels are to be operated in the Havana trade.

Carham Repairing at Shipyard.

The British steamer Carham, which came into port Tuesday from St. Thomas, proceeded to the shipyard yesterday to undergo repairs. The vessel had a rough trip coming up the coast from St. Thomas and she was rather badly damaged. She probably will be at the yard a week or more and after she leaves she will load a cargo of coal at the local docks for a port in the West Indies.

Steamer Dominion Delayed.

Repairs to the British steamer Dominion have not yet been completed at the shipyard and the vessel will be delayed several days longer. It was thought that the ship would get away yesterday morning, but it developed that repairs were needed to her boilers before she could go to sea.

PORT REPORT.

Wednesday, November 23, 1910.

Arrived.

Steamer Berwindmoor (Br.), Steinbridge, New York—to Berwind-White Coal Mining Company in ballast.

Steamer Omenau (Ger.), Heuval, Mobile—to United States Shipping Company for export freight.

Steamer Mills, de Linden, Searsport—to White Oak Coal Company in ballast.

Schooner Magnus Manson, Tulloch, Portland—to Berwind-White Coal Mining Company in ballast.

Schooner George W. Wells, York, Portland—to Chesapeake & Ohio Coal & Coke Company in ballast.

Sailed.

Schooner George M. Grant for New Haven.

Barges Bombay for Allyn's Point; Cardenas for Fall River.

Calendar for Today.

Sun rises 6:53 a. m.
Sun sets 4:52 p. m.
High water 4:03 a. m., 4:25 p. m.
Low water 10:18 a. m., 10:48 p. m.

Weather at Cape Henry.

CAPE HENRY, VA., Nov. 23.—Clear, wind northwest, twelve miles; light sea.

Exports for Hamburg.

The German steamer Ilmenau, Cap-

TORTURED BY ECZEMA

"When my boy was six years old, he suffered terribly with eczema. He could neither sit still nor lie quietly in bed, for the itching was dreadful. He would irritate spots by scratching and that only made them worse. A doctor treated him and we tried almost everything, but the eczema spread for two years until it was nearly covered the back part of his leg to the knee. Finally I got Cuticura Soap, Cuticura Ointment and Cuticura Pills. I used them in the morning and that evening I used them again and the improvement, even in those few hours, was surprising. The inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the same of the Pills and the Soap and my boy was cured. My son is now in his seventeenth year and he has never had a return of the eczema. I took care of a friend's child that had eczema on its face and limbs and I used the Cuticura Soap and Ointment. They acted on the child just as they did on my son and it has never returned. Mrs. A. J. Cochran, 1823 Columbia Ave., Philadelphia, Pa., Oct. 20, 1909."

tain Heuval, came into port yesterday from Mobile to load a cargo of exports here for Hamburg, Germany. She is consigned to the United States Shipping Company.

Nordkyn Completes Cargo.

Having discharged 1,100 tons of import freight here and loaded exports for Havana and Vera Cruz, the Norwegian steamer Nordkyn, Captain Wolden, dropped down to Chesapeake & Ohio pier No. 10 yesterday to load fuel coal before putting to sea.

Prescott Palmer Repairing.

The five-masted schooner Prescott Palmer is undergoing minor repairs at the shipyard before loading a cargo of coal here for a New England port.

Coming for Fuel Coal.

Two British steamers are expected to arrive in port today to load fuel coal. Both are bound from Southern ports for Europe.

Schooners Here for Cargoes.

Two schooners, the Magnus Manson and George W. Wells, arrived yesterday from Portland, Me., to load full cargoes of coal for New England ports.

AMUSEMENTS

"Falsely Accused," a melodrama that has been seen by thousands of the intergoers, will be the attraction at the Academy of Music during the last three days of this week. The Guy Johnson Players have made special preparations for producing the play in good style and Mr. Johnson says that it is one of the best in his repertory.

There will be a Thanksgiving Day matinee this afternoon and the usual performance tonight. As a special Thanksgiving feature, the management will give away a five-dollar gold piece this afternoon and a ten-dollar gold piece tonight. Last night Miss Florence Slater, 2401 Roanoke avenue, won the Morris chair, and Miss Mary Anastasakos, 2400 Washington avenue, was awarded the girl's prize at yesterday's matinee. Robert Kippur won the boy's prize at the matinee.

Tomorrow night the handsome parlor suit will be given away to the lucky patron, and Saturday afternoon two children will be given the choice of two attractive prizes.

Changes at the Olympic.

Several new acts come into the Olympic today and with "Noodles" Fagan and Margos and Clara will make up what should prove a very strong show. Barto and Clark will present a comedy sketch with special scenery called "The Lady and the Bell Hop."

Eddie Barto has been leading juvenile comedian with several big shows, and with Miss Florence Clark is said to put on a very good act.

Hayley and Talford, the "two entertainers," will be heard in a singing and talking sketch. "Noodles" Fagan has created somewhat of a sensation since he has been here. Tonight he has arranged a big carnival for the newsboys, who will be at the theater as his guests, and a big crowd is expected to be on hand to see the fun that the newsboys will create on the stage.

Burgos and Clara have a novelty gymnastic act that is making a big hit and they will continue on the Olympic bill the rest of the week. The usual prize drawing will take place every matinee and every night this week.

Vogel's Minstrels Coming.

As the first regular "road" attraction to be presented in the house since last season, the management of the Academy of Music announces the coming of John W. Vogel's "Big City Minstrels." The minstrels will be here next Tuesday night, November 29.

Shall Women vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, tagged feelings, backache or headache, constipation, dispelling colds, impairing appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at All Druggists.

NO NEW INFORMATION

Department Apparently Has Not Acted in Read Matter.

AGENT MAY BE SENT

Report Says Legal Representation Will Come Here To Investigate Report—New Collector's Friends Confident He Will Be Exonerated.

So far as could be learned yesterday no steps have yet been taken by the treasury department to investigate the charge that Fred Read, who recently was appointed collector of customs at this port to succeed Captain J. E. B. Stuart, attempted to influence members of the United States grand jury in behalf of Harry A. Morewitz, who was indicted by that jury on the charge of buying smuggled goods. An unconfirmed report has it that a legal representative of the department will come here to examine into the affair and make a report to the department.

In the opinion of many, Mr. Read's commission probably will be held up, temporarily at least, as the result of the reported action of Captain Stuart in bringing to the attention of the treasury department the fact that the newly named collector was investigated by the federal grand jury. However, Mr. Read's friends are confident that the matter is investigated the department will exonerate him. Mr. Read had expected his commission from the treasury department this week and he had expected to take over the office now held by Captain Stuart not later than Saturday.

Several Newport News men who were with Mr. Read in Norfolk say that they heard what was said to Lane Lacy, one of the grand jurors, by the new collector. They declare that Mr. Read was being congratulated by many of his friends on receiving the appointment as collector and that Mr. Lacy joined the crowd. The conversation turned to the Morewitz case and there were a number of Newport News men in the gathering and Mr. Read remarked to Mr. Lacy that he hoped Morewitz would get out of his trouble.

FARMERS MEET DECEMBER 17.

Agricultural Session of Chamber of Commerce Will Attract Many.

The second annual agricultural session of the Chamber of Commerce will be held on December 17 and not on December 1, as stated in the issue of this paper yesterday morning. The chamber will hold its annual social session on social session on December 1 at the Warwick hotel.

It is expected that the agricultural session will be largely attended by the farmers of the Virginia Peninsula and surrounding counties, as a very interesting program has been arranged and many prominent speakers will discuss topics of great interest to the farmers.

Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c at All Druggists.

ALCOHOL IN MEDICINES.

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 1 per cent. to 22 per cent. which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains from 25 per cent. to 50 per cent.

Such standard preparations as Lydia E. Pinkham's Vegetable Compound contain but 18 per cent., and they even put the Compound up in tablet form, which the over-scrupulous woman, who objects to alcohol in any degree, may use.
